

I wanted to tell you how K-LOVE serves me as a resident of Georgetown, Ky. I listen to it all of the time. If K-LOVE were to be displaced by an LPFM broadcaster, it would take away a source of Christian music for myself and others in this community. K-LOVE provides programming that is positive and uplifting and much different than many stations that broadcast over the airways. K-LOVE provides family-friendly programming that I have come to enjoy. K-LOVE supports wholesome values and has a positive impact on our community in Georgetown, Ky. as well as on communities all across America.

Thanks,
